SUMMER HOLIDAY HOMEWORK 2022- Grade III- V

The advent of summers is the beginning of New session! New hopes! New aspirations! The scintillating performance of our students at the national levels reconfirms our vision to empower, enthuse and excel. Excellence can only be achieved if the time is utilized wisely. A blissful summer break is here. It is the right time for honing skills and talents. We want all our students to be global citizens, groomed up to be effective change agents of the society. With this sight the theme of this year's holiday activities is **Sustainable Development Goals 2030**, proposed by UN. The holiday activities have been designed to ignite your thought process and make you aware of the global concerns.

The Sustainable Development Goals are the blueprint to achieve a better and more sustainable future for all. They address the global challenges we face, including those related to poverty, inequality, climate, environmental degradation, prosperity, and peace and justice. The Goals interconnect and in order to leave no one behind, it is important that we achieve each Goal and target by 2030.

Some pointers to remember

- ❖ Holiday homework is a part of subject enrichment and will be assessed on the basis of creativity and efforts of the students.
- ❖ Enhance your speaking skill and vocabulary by conversing in English with your family and friends.
- ❖ Reading is essential for developing our vocabulary, creativity and imagination. Spend quality time reading purposeful books.
- ❖ A neat, legible and beautiful handwriting makes a good impression. Practice one page of English and Hindi handwriting daily. It helps in improving hand-eye coordination and concentration.
- ❖ Schedule your time for activities so that there is no piling up for the last moment.
- ❖ Practice being a change by contributing to the community by sharing your knowledge.
- ❖ Visit an orphanage, old age home or try to impart literacy to at least one person in your neighbourhood.
- ❖ Holiday homework should be authentic.
- ❖ Prepare an attractive folder and arrange your holiday homework subject wise in the order given:-
 - ❖ 1. English
 - ❖ 2. Hindi
 - ❖ 3. Social Studies
 - ❖ 4. Science
 - ❖ 5. Maths
 - ❖ 6. Computer
 - ❖ 7. Marathi (only for Grade III).

Submit the folder to your class teacher by **20th June 2022.**

- ❖ Put separators after each subject for easy identification. You may use A4/ cut coloured chart papers as separators. Write the names of the subjects on it.

- ❖ Reuse paper and be creative by using the material that is already available at home.

English

The richness and beauty of English language can only be appreciated and valued by exploring the depth and vastness of the same. And what better time to explore, understand and utilize the huge repository than the Summer Break.

GOAL 4 – QUALITY EDUCATION

A quality education is the foundation of sustainable development, and therefore of the Sustainable Development Goals. As a policy intervention, education is a force multiplier which enables self-reliance, boosts economic growth by enhancing skills, and improves people’s lives by opening up opportunities for better livelihoods.

DESIGN YOUR MAGAZINE Use A-4 size sheets

- Design an attractive cover page of the magazine showing any one logo from the above mentioned sustainable goals and explain in two lines how it can be achieved.
- Give a title to the magazine related to education
- Proverbs on education (at least 5)
- Word for the day- learn a new word each day and make a list of them. Frame sentences with them. There should be at least 15 new words in your list.

MATHEMATICS

12 RESPONSIBLE
CONSUMPTION
AND PRODUCTION

GOAL 12 - Responsible Consumption and Production

The transition to sustainable consumption and production of goods and services is necessary to reduce the negative impact on the climate and the environment, and on people's health.

1. Conduct a survey of the members of your family and find out the amount of amount spent on junk food in a month (June) in the given format on an A-4 size sheet.

Now keeping in mind the total amount spent on this junk food find out what all extra nutritious things you can have with this same amount and compare the calories intake from the chosen food as compared to the total calorie intake from the junk food.

Family Member	Junk food taken	cost	Calories intake
You	1. 2. 3. 4.		
Father	1. 2. 3. 4.		
Mother	1. 2. 3. 4		
Sibling (if any)	1. 2. 3. 4		
		Total amount Spent- Rupees _____	Total calories intake _____calories

SCIENCE

Goal – 7: Affordable and Clean Energy

“Affordable and Clean Energy”, one of the 17 goals of the United Nations for sustainable development, is chosen as the theme for the project to be undertaken by the students in which the students will be engaged in creative and fruitful pursuits.

To sensitize the students on this issue, the school has designed the holiday homework which will enable them to develop an insight on how important it is to conserve energy in day to day life. Although, the students are expected to work individually yet they would require the expedient guidance and support of the parents to make their project success.

Importance of solar/wind /Bio-gas energy

Energy Exploration

Interview two neighbours to understand the different forms of energy used in their home and what measures do they take to save energy.

Some of the questions are here for your reference.

- What are the different forms of energy utilized in your home?
Electricity/LPG/ CNG/Solar/ Petroleum/Others
- How do you go to nearby market?

Walking/ Cycling/ by car/ Two wheelers/ any other
- Do you switch off the lights, fans and other electrical equipment when not in use? Yes/No
- Which form of energy is used in your home for cooking meals?
Electricity/LPG/Solar/Others
- Do you think it is important to save energy? Yes/No
- How often do you reduce the energy you use for your home or vehicle for cost reasons? always/often/ sometimes/or never
- How often do you reduce the energy you use for your home or vehicle for environmental reasons?- always/often/ sometimes/or never
- How does renewable energy improve public health?

- Which type of energy is the most harmful to our planet? Why?
- Suggest any three ways in which you can help conserve energy.

After the interview prepare a survey report on A4 size sheet about consumption of different forms of energy, their benefits and drawback.

SOCIAL SCIENCE

Sustainable Goal 15 -Life on Land

India is home to a number of wild lives. It is home to Bengal tigers, Asiatic lions, the great Indian rhinoceros and many others. These are preserved in 120 National Parks, 18 bio-reserves and 500 wildlife sanctuaries, among them many are located in the seven sisters of North East India, like, Kaziranga National Park, Manas National Park and many more.

Make a **travel brochure** on any one of these National Parks or Wildlife Sanctuaries located in seven sisters (Assam, Arunachal Pradesh, Nagaland, Mizoram, Meghalaya, Tripura and Manipur) on A4 size sheets. Use photos, colour schemes and descriptive texts to make it attractive.

Give emphasis on the following points:

- i) Location
- ii) How to go
- iii) Best time to visit
- iv) Things to do or see

OR

GOAL 11: SUSTAINABLE CITIES & COMMUNITIES

More than half of us live in cities. By 2050, two-thirds of all humanity—6.5 billion people—will be urban. Sustainable development cannot be achieved without significantly transforming the way we build and manage our urban spaces. Making cities sustainable means creating career and business opportunities, safe and affordable housing, and building resilient societies and economies. It involves investment in public transport, creating green public spaces, and improving urban planning and management in participatory and inclusive ways.

In this modern era, it becomes imperative to build disaster resilient communities through self-help, co-operation and education. Search information on any one

natural disaster - earthquake, fire or landslides. Then, take 2 coloured pastel sheets.

- On one, paste/draw picture of the disaster and write DOs and DON'Ts in case of its occurrence.
- Take another sheet for 'Emergency Numbers' like the nearest hospital, police, ambulance services, fire services and child helpline number.

AND

GOAL 16- INTERNATIONAL PEACE –NEED OF THE HOUR

- Search about any 3 people in the world who have been honoured with the Noble Peace Prize.
- Paste their pictures on different A4 sheets and write about the work they have done for the world peace
