KJEI/TIS/ADMIN/WORKSHOP/CIR/PP/2022-23/009

Date :28/04/2022

Greetings Dear Parents!

Summer is a time for kids to have fun and enjoy not having school. But it can also be a difficult time for parents because they don't want their children to get bored or become restless.

Trinity international School invites all the Pre-Primary parents for a Super exciting parenting workshop – **“SUMMER COOL WITH SCHOOL”**

Why is this workshop important for all parent?

- Summer is a time for learning new things; therefore, parents should make sure they continue teaching their kids various skills even when school isn't in session.
- During the summer, it's important that parents set up rules with expectations or limits so children know what's expected of them while at home. These boundaries will help keep your child active this busy season.
- Summer vacations are a time when kids can't rely on the routine of school to structure their days and weeks.
- Summers are also usually hot outside so parents need some ideas for things that will keep them cool too.

Let's together make this summer exciting for all children.
To know how join for the workshop.

Grade: NURSERY, Jr. KG & Sr. KG

Day & Date: Saturday, 30th April 2022
